

KCD X DEVOPSDAYS PORTUGAL 2026

SPONSORSHIP PROSPECTUS

KCD'S - Contribute to the growth and advancement of our vibrant community

We are thrilled to present you with the unique opportunity to sponsor KCDs, an extraordinary series of events that play a vital role in fostering the global community of engineers, developers, and cloud-native enthusiasts. As the adoption of Kubernetes and cloud-native technologies continues to surge, KCDs have emerged as one of the premier platforms for connecting like-minded professionals who shape the future of digital infrastructure.

In almost 5 years, the Cloud Native Computing Foundation supported more than 89 completed KCD events in 41 countries, and 59 cities.

6 YEARS GLOBAL IMPACT

41 COUNTRIES / 59 CITIES
and counting...

93 completed KCDs
worldwide

DevOps Days - a worldwide series of technical conferences covering topics around software development, IT infrastructure operations

DevOpsDays is a global conference series born in 2009 in Ghent. The Portuguese edition ran in 2019 (Lisbon, 260 attendees), 2022 (Porto, 325 attendees, 21 sponsors) and 2024 (Porto, approx. 300 attendees, 15 sponsors). In 2026, DevOps Days joins KCD Porto at their own request, recognising the scale and organisation we have built.

In almost 17 years, the DevOps Days supported more than 200 completed DevOps Days events in 40+ countries, and 100+ cities.

worldwide

KCD Portox DevOps Days Portugal 2025

On the 19th and 20th of November of 2026, Porto (Portugal) will buzz with Kubernetes, Cloud Native and DevOps community, as we come together for a two-day technical conference.

WHAT TO EXPECT

KCD Porto x DevOpsDays 2026 will be the first and the biggest CNCF x DevOps Days event to ever been organized in Portugal and this time at Iberia!

Focus on creating lasting value from the community and for the community. Hence we prioritise talks that are technically competent, relevant to the larger community and coming from end-users rather than vendors

This year, the conferences are more exclusive, as CNCF has selected a more exclusive group of events. As a result, we will have an even greater presence of platform engineers, DevOps, cloud experts, infrastructure specialists and leaders and companies with a strong focus on cloud-native technologies.

This event reflects the city's increasing investment in technology, with numerous tech events and communities.

WHY SPONSOR

Sponsoring KCDs offers companies a unique opportunity to achieve multiple strategic objectives.

01 KCDs and DevOpsDays provide unparalleled **brand awareness** within the cloud-native and Kubernetes communities, connecting your company with highly engaged developers, system engineers, architects & technical leaders.

03 Associate your brand with two of the fastest-growing technology communities and demonstrates your **commitment to community** growth and development.

02 Gain access to **networking opportunities** with quality, targeted attendees, and leverage KCDs and DevOps Days as a powerful platform to promote your product and recruit top talent from a diverse pool of skilled professionals.

04 By supporting our event, your brand will strengthen its **credibility** and position itself as a leading voice in Cloud Native technology.

SUPPORTED BY

WHY SPONSOR

Sponsoring KCDs offers companies a unique opportunity to achieve multiple strategic objectives.

SUPPORTED BY

05 Anticipating over **500 enthusiastic attendees**, our event promises a dynamic networking atmosphere ripe for meaningful connections and collaborations

06 Embrace the innovative **Un-Conferencing** format alongside a variety of tracks, ensuring an immersive and customized experience tailored to your **organization's goals**

07 KCD and DevOps Days lives from the contributions of its members - from **individual contributors to the big players**. Helping the event will give your businesses the chance to contribute to the community while sending a **strong signal of commitment to Cloud Native technologies**

08 Engage with carefully selected technical talks and breakout sessions strategically designed to facilitate interaction with the **local community and key industry figures**, positioning your business as a contender in the ever-evolving **DevOps and Cloud Native landscape**

THE VENUE

SUPER BOOK CONGRESS CENTER

KCD x DevOps Days
Portugal 2026 will be held
at Super Book Arena
located in Porto

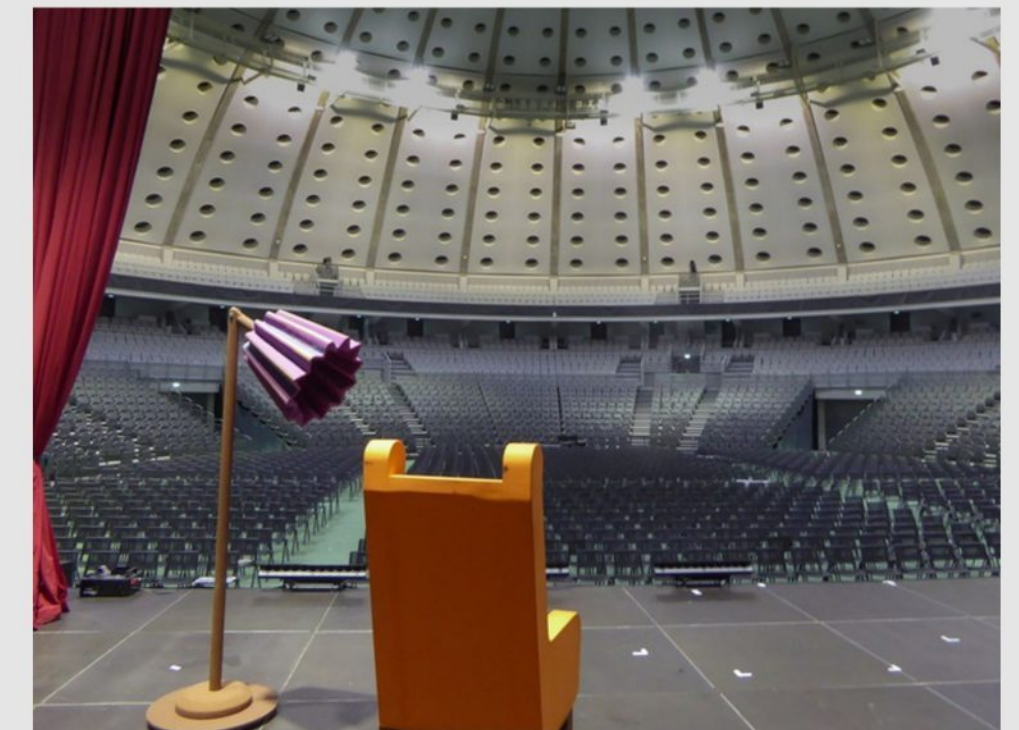

FACILITIES:

- Alongside conference areas, it offers leisure zones such as the foyers and the upper part at the entrance and also the amazing Palacio Gardens, where lunch and post-event with porto de honra will take place.
- Parking lot available, with limited capacity
- Security at the event hours
- Suitable for reduced mobility attendees

LOCATION:

- The venue, situated in one of the most beautiful buildings in the northern region of the country, with its amazing and well-known gardens.
- Located in the center of Porto, in the famous Crystal Palace, with various facilities and perfect gardens.

THE VENUE

THE ROOMS

For our event, we will have several conference rooms available:

- 1 Auditorium with a capacity of 500+ for openings, keynotes and sessions;
- 4 Rooms for plenary and parallel sessions (50 to 100 people);
- 1 Foyer for exhibitors and sponsors in the entrance to the rooms;
- 1 special space for meals and networking with the garden view

SPEAKERS & SESSIONS

Renowned speakers from all around the world delved into cutting-edge advancements in cloud-native digital infrastructures and the widespread adoption of Kubernetes, drawing in over 500 eager attendees.

Just wrapped up speaking at [KCD Porto](#) last Friday. What a blast!

Big thanks to everyone who made it happen – the organizers for putting together a great event, the speakers for bringing their A-game, and all the attendees who showed up ready to dive into Kubernetes.

Special shoutout to [xgeeks](#) and everyone that organized the event.

Two incredible days at [KCD Porto](#) 2025! 🇵🇹🇺🇸

Honored to have taken the stage with [Claudiu-Cristian Sonel](#) to present our talk: "Kyverno vs. OPA Gatekeeper: My Policies, My Rules" – diving into how policy engines strengthen Kubernetes security and streamline organizational governance. 🛡️🔧

A big shout-out to the amazing organizers of [KCD Porto](#) for putting on such a lively and well-run event 🙌 [Fábio Sampaio](#) [Iris Dyrmishi](#) [Rita Gouveia](#) [Frederico Muñoz](#) [Davi Garcia](#)

Also got to explore this beautiful city – including climbing the Arch of the Arrábida Bridge 🗼 Highly recommend!

Until next time, Porto! 💙

Last week, we had the pleasure of being part of [KCD Porto](#) 2025. 🚀

It was a great opportunity to connect with everyone, exchange ideas and catch up on the latest Kubernetes and Cloud Native updates and trends. ☁️⚙️

A big thank you to the organizers and everyone who stopped by our booth! See you next time 🙌

[KCD Porto](#) was an awesome event and had the best time meeting Portugal's [#cloudnative](#) community in my home town – met people from Porto, Viseu, Lisbon, ... and lots that flew in from all over Europe. Thanks for the invitation and huge congratulations to the organizers ([Iris Dyrmishi](#) [Fábio Sampaio](#) [Rita Gouveia](#) [Frederico Muñoz](#) [Ricardo Castro](#) and all others helping out). Looking forward to next year!

I had the incredible opportunity to present at my first international conference, [KCD Porto](#), and it was an amazing experience! 🎤🌟

A huge thank you to [xgeeks](#) for all the support and encouragement along the way. Your belief in me made this milestone possible, and I'm grateful to be part of such a fantastic team.
